## Spring Break Camp at Long Park

**“Development of individual soccer skills is the most significant part in developing a good soccer player”**

### CAMP DIRECTOR

**BOBBY LENNON**  
VSA Technical Director  
Former Professional  
Coach & Player

VSA Soccer Camps are open to players ages U7-U18 who are looking to learn new skills and improve the technical areas of their game.

VSA Camps compress a highly refined curriculum into a fun and intense learning experience. Players will be exposed to a series of fundamental skills and advanced techniques with emphasis on individual skill development and creative small group play. We stress the importance of using proper technique in everything players do on the field.

Our camp instructors look to build confidence with the ball and teach many new ways to break down a defense.

Sessions will focus on ball mastery, passing and receiving, speed/agility, beating defenders with decisive moves, keeping the ball when under pressure, and being creative.

## Camp Details
