Zone 1 **CORE** Objectives

CORE Objective: We want to develop a love and passion for the game. If children love playing something there is a high probability that they will seek more opportunities to play and practice the game. This increase in play will increase their desire to improve as a player.

What we are looking for: We are inclusive to the child; anyone is welcome as we provide multiple levels for a player's individual journey! All players are taught decision making and execution of the decision (Technique) within playing the game! The club provides a platform for all to dream big!

What we Value: Being a good person. Being a proactive footballer - we believe that game decision making, technique, and hard work is the core quality of being a good footballer.

What we teach on the field: We teach players to dominate in 1v1 moments with and without the ball. We teach this in Attack, Defend, and Transition along with the principles of play in context to the age we are working with. We focus heavily on decision making, execution of the decision (Technique) and hard work.

Training Objectives - Zone 1

Develop individual players in three key areas:

Dominate 1v1 (Technical/Decision Making)

Possession / Pressing Actions (Individual - Small Group)

Transition to Attack / Defend (Individual - Small Group)

How:

- High intensity training with accountability, repetition, and correction
- Encourage bravery on the ball and competition in all areas of training and game
- Psychical development to compliment football priorities
- Club style of play - Proactive Possession and Pressing
- Playing time - to develop players
- Winning Culture and Environment

Club Concept Night U11-U12

To continue to create oversight and opportunities to move within the club player pathway we have our age groups train once a week in pool sessions. These sessions are run by Zone 1 Directors and ECNL RL Head Coaches/Directors of Coaching and are used to improve principles of play and club style of play.

How do Club Concept Nights Work?

Age Groups train together and are organized into a number of groups

What is taught at Club Concept Night?

Groups will be run through a number of stations throughout the night that teach dominate 1v1 situations, possession, pressing, and transition to attack/defense.

Do players train in mixed groups or their teams?

The answer is a mix of both. The reason for this is to provide opportunities for players growth in a number of environments (ones they are comfortable with and ones that stretch the individual)

VDA Pre-ECNL U11/U12 - Program Details

TRAINING: Teams will train 3 times a week between August – December and February-May. 1 of these 3 sessions will be a pool session at Howsion or Long Park.
